TO OUR SPONSOR

We extend our sincere appreciation for your steadfast support towards our organization's initiatives. Your generous contributions have been pivotal in advancing our mission and realizing our objectives. With your continued partnership, We are empowered to effect positive change within our community. Your unwavering commitment to our cause serves as a beacon of inspiration, and we express our utmost gratitude for your invaluable support.

Sincerely, Havoltz 

ABOUT US

Are you in search of spark? Are you looking for an opportunity to connect with like minded individuals and embark on exciting adventures? If so then Havoltz is the perfect place to electrify your interests, make new friends, and create lasting memories.

Whether you're passionate about research ideas, creative projects, volunteerism, or simply seeking a supportive community for technical electrical ideas , Havoltz offers something for everyone. Our club hosts a variety of activities that cater to diverse interests. Our major focus is to bring like-minded people in the field of Electrical and Electronics to pool in their ideas and innovations together to achieve greater heights. One of our main motto is to predominantly share our knowledge in the field of electrical and electronics engineering

VIT CHENNAI

Welcome to VIT Chennai, a prestigious institution that has seen remarkable growth since its establishment in 2010. With a thriving community of over 30,000 students, we proudly stand as one of India's top private universities.

Our unwavering dedication to academic excellence is evident in our extensive range of undergraduate, postgraduate, and doctoral programs across disciplines such as engineering, management, computer applications, law, and commerce.

The campus is equipped with state-of-the-art infrastructure and cutting-edge research facilities, creating a dynamic environment that fosters innovation, creativity, and discovery. At VIT Chennai, we are shaping the future through world-class education, research, and global collaboration. Join us in this exciting journey toward excellence and impact.

PAST EVENTS

Our recent event, the Orientation and Insight Session, featured Mr. Abdul Gaffoor Khan, a distinguished guest speaker from Techno Electric and Engineering Co. Ltd. His insightful presentation illuminated the significance of electronics and its various applications to students from all branches of study, many of whom were previously unfamiliar with its impact. Over 100 students participated, gaining valuable knowledge about the electronics domain.

Following the session, attendees were treated to an engaging showcase of innovative projects developed by our club members. The highlights included a Roborace bot, designed for the Technoxian competition, and a budget-friendly gaming console constructed using PVC pipes. Additionally, the event featured an interactive session on amplifier design, further enriching the learning experience.

The Club Expo featured an engaging interaction session with over 300 students within a span of three hours. During the expo, our club members actively communicated the club's mission to promote the importance of skilled electronics professionals in the industry.

Attendees were also introduced to the core concepts behind several innovative projects, all developed in just two weeks. These included a customized Roborace car, a 3D text display system, and a cutting-edge computer vision-based game that allowed users to control the game using simple hand movements, capturing the interest and excitement of the audience. The expo successfully showcased our commitment to hands-on learning and technological advancement.
